### Winter 2011-2012 Course Description: Lab Science Explorer!

Follow in the footsteps of the great minds of physics and chemistry, and make amazing discoveries about the world we live in! We will don our goggles and lab coats to experiment with gravity, centrifugal force, pressure and temperature, and make bubbling lava lamps, slime, and hydrogen soap bubbles that explode into orange flames! Learn about atoms and molecules, mix acids and bases, and create exothermic and endothermic reactions that can power a rocket! Confuse your senses with waves of sound and light, and experience fun and wild science with Tree Frog Treks!
